CMS

MEMORANDUM

TO: CIO's and IT Managers

FROM: Kevin Rademacher, CMS Infrastructure Manager

DATE: May 15, 2007

SUBJECT: End User Computing Manager (EUC)

I am pleased to announce Steve Washko has joined the BCCS/Infrastructure Services Division and will begin as End User Manager on Wednesday, May 16, 2007.

Steve brings a lot of valuable experience - 25 years of IT with most current position at DHS where he managed a team of MIS technical and development staff.

Thanks to John Livingstone for taking on the Acting EUC Managers position while keeping his own shop running. John will resume his role as Enterprise Storage and Backup Manager.

Please feel free to stop by Steve's office at the CCF, 201 W. Adams and introduce yourself while we welcome him to BCCS. You can also reach Steve by phone at 217-557-4687.
